† This figure takes into account the correction which was made to the subsequent years after the error in the computation of Ireland's contribution to the Excise Duty as spirits was discovered (see Parliamentary Paper, No. 348, of 1888). It was not possible to make the corresponding correction for the preceding years; and it was omitted to be made for 1881–82, in the Statement, laid before the Financial Returns Committee, at page 186, of C. 7232—II, of 1885, in which the Estimated True Revenue from Ireland for 1881–82 is given as 7,588,084.
